WHO IS LINDSAY BOAG?

- A hilarious comedy that will make you hate technology, laugh, and possibly cross-dress.

An Italian Comedy by David Conati
Translated into English by Clara Pagone 2007

‘I can’t get a job because I can’t carry a
foetus.’

‘Who is Lindsay Boag?’ has nothing to do with beer. Lindsay has just gotten a new job because his employer thinks he’s a woman. Three friends tackle five ringing phones simultaneously, as Lindsay tries to hide his secret new job from his boyfriend, Fernando, who in turn attempts to conceal his job as a pornographic photographer from Lindsay. Pucci - their hysterical, safety-obsessed flat mate - lies for them both, is accused of having an affair with a married man and makes them all go ‘blind’, with pepper spray.
